OBIS LX/LS Heat Sink

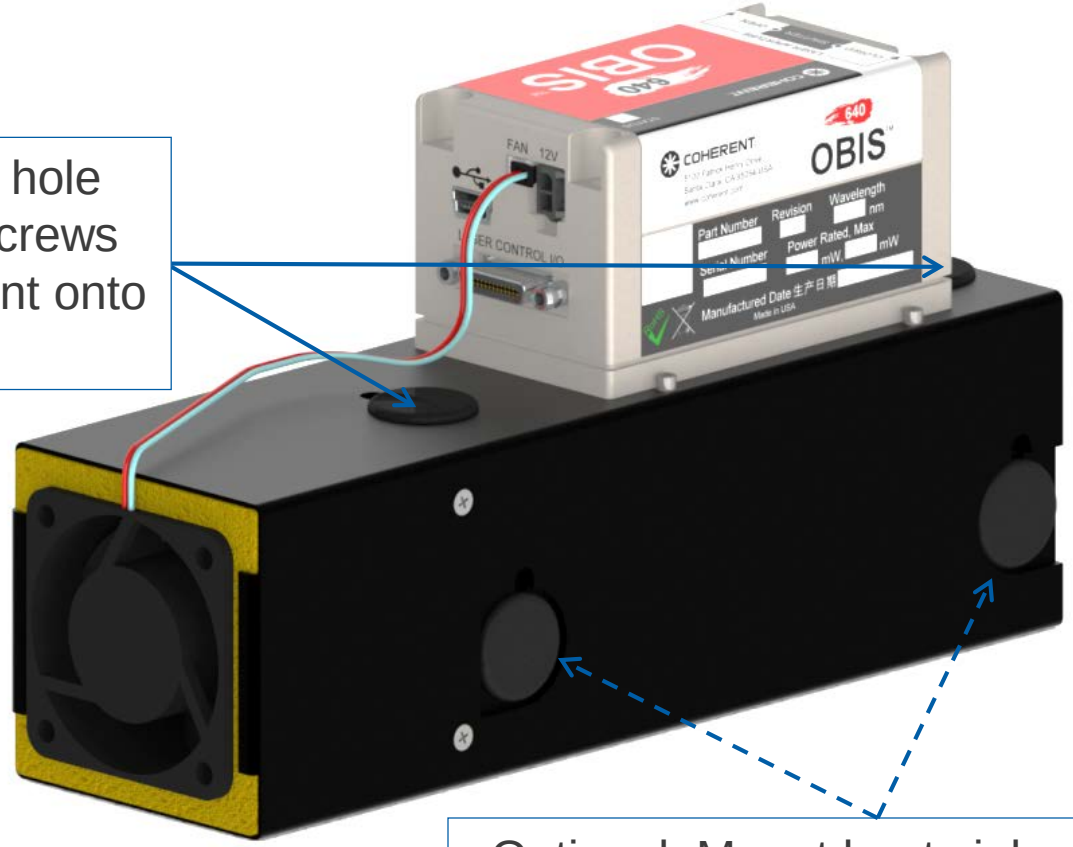
COHERENT.

OBIS LX/LS Heat Sink Features

- Convenient 69 mm (2.7 inch) beam height
- Integrated cooling fan with vibration isolation
- Output beam centered on standard table bolt pattern
- Fan power connector plugs directly to OBIS laser head
- Laser can be mounted on top or side for opposite polarization

OBIS LX/LS Heat Sink Mount Options

Remove plastic hole plugs to install screws (provided) to mount onto table.



Optional: Mount heat sink on its side for special applications that may require horizontal polarization.
