Diamond C-55/C-60+ Series

Low Power CO₂ OEM Lasers for Marking and Engraving Applications

The Coherent C-60+ CO₂ laser provides 60 Watts of power with best-in-class reliability and package size, making it the OEM laser of choice for high volume laser marking and engraving systems. This production-ready, easy-to-integrate laser system enables high quality laser marking with low maintenance and operating costs. The C-60+ is ideal for laser processing of many materials, including paper, plastics, wood, rubber, leather, cloth and more.

The C-60+ is part of the Coherent C-Series family of products which offer a full range of power levels – from 20 W to 70 W. Based on a sealed waveguide and integrated RF power supply design, the C-60+ boasts outstanding production-proven reliability, while delivering superior beam quality and power stability in a compact, flexible and integrated package. The modular platform design provides cost-effective optimization of operating wavelength (from 9.3 to 10.6 µm) and cooling configuration (air/liquid), enabling rapid adaptability to changing applications and market needs.

**FEATURES & BENEFITS**
- Superior beam quality, power stability and reliability
- Industry leading compact size with integrated RF power supply
- Versatile power range and frequency control (CW or PWM)
- High quality laser processing on a wide range of materials
- Available in three wavelengths (9.3 µm, 10.2 µm, or 10.6 µm) and cooling configurations (air, fan, or liquid)

**APPLICATIONS**
- Marking
- Engraving
- Cutting

</table>

1. Power measured at 25°C and derated by 1%/°C for higher laser head temperatures.
2. Power stability based on Pmax - PMin/(2*Pmax) average power measurement at constant duty cycle after 10-minute warm-up at operating condition.
3. Optional fans add 1A.

All specifications subject to change without notice. Coherent, Inc. warrants to the original purchaser for a period of two years from the date of delivery that the DBeamHead Series product is free from defects in material and workmanship. The warranty does not apply to any unit damaged by accident, abuse or operation in a manner inconsistent with the procedures and specifications outlined in the manual supplied with the laser.

The DBeamHead Series product is a component that does not include all safety features as required by the FDA and the Center for Devices and Radiological Health (CDRH). It is sold solely to qualified manufacturers who in their end product will supply all interlocks and indicators, and will comply fully with CDRH regulations and/or local regulatory agencies.
