- Revenue of \$1.24 billion, Grew 50% Year-Over-Year
- Organic Revenue Growth of 6% Year-Over-Year
- Backlog of \$2.6 billion, Grew 23% Year-Over-Year
- Quarterly Operating Cash Flow of \$152 million
- GAAP EPS of \$(0.24)
- Non-GAAP EPS of \$0.58
- Establishes multi-year restructuring plan

PITTSBURGH, May 10, 2023 (GLOBE NEWSWIRE) -- Coherent Corp. (NYSE:COHR) ("Coherent," "We" or the "Company") today reported results for its fiscal 2023 third quarter ended March 31, 2023.

"We posted third quarter revenues of \$1.24 billion up 4% year over year on a pro forma basis. Revenue grew 50% on a reported basis compared to Q3 of FY22 and declined 9% sequentially. We were intensely focused on controlling costs, managing cash and continuing our disciplined approach to capital allocation and design wins," said Dr. Vincent D. Mattera, Jr., Chair and CEO.

"We started the third quarter with optimism based on a strong backlog, but we experienced a sudden and unexpected deceleration in revenues in the second half of the quarter when some of our larger customers requested us to delay scheduled shipments which primarily affected our revenue in the Networking Segment as those customers began adjusting their inventory levels. The solid performance of the Materials Segment, coupled with solid performance of the legacy Coherent business, now our Lasers Segment, provided diversification and stability by exposing us to multiple and different growth markets."

Dr. Mattera continued, "Our non GAAP EPS was \$0.58, our operating cash flow was \$152 million, and we invested half of our \$97 million of capital expenditures into our silicon carbide business. We generated \$55 million of free cash flow and retired \$78 million of debt, consistent with our plans for deleveraging.

We have commenced certain restructuring actions and are planning to take additional actions that will run through the end of FY25, as we work to transform the Company. We expect these actions will drive greater scale and focus, resiliency, and lower operating costs. We have completed a rigorous analysis into this plan, a careful consideration of the effects on our people, and we believe that this plan will better position Coherent to achieve both short and long-term commitments."

⁽¹⁾ GAAP operating income (loss) is defined as earnings before income taxes, interest expense and other expense or income, net.

⁽²⁾ All non-GAAP amounts exclude certain adjustments for share-based compensation, acquired intangible amortization expense, restructuring, integration and transaction expenses, and start-up costs related to the start-up of new devices for new customer applications. See Table 4 for the Reconciliation of GAAP measures to non-GAAP measures

Outlook

The outlook for the fourth fiscal quarter ending June 30, 2023 is revenue of \$1,125 million to \$1,175 million and earnings per diluted share on a non-GAAP basis of \$0.33 to \$0.43. This is at today's exchange rates, which are subject to variability. For the non-GAAP earnings per share, we added back to the GAAP earnings pre-tax amounts of \$190-\$210 million, consisting of \$95 million in amortization, \$27 million in share-based compensation, and \$70-\$85 million in transaction, integration and restructuring. Refer to Table 8 for the share count range for the aforementioned outlook. Non-GAAP adjustments are by their nature highly volatile and we have low visibility as to the range that may be incurred in the future.

The Company expects full year revenue between \$5,080 to \$5,150 million, at today's exchange rates.

Forward-looking Statements

This press release contains forward-looking statements relating to future events and expectations, including with respect to our expectations for our future financial and operational results and our belief that the actions we take to restructure the Company will drive greater scale, focus, resiliency, lower operating costs and better position us to achieve short and long-term commitments that are based on certain assumptions and contingencies. The forward-looking statements are made pursuant to the safe harbor provisions of the U.S. Private Securities Litigation Reform Act of 1995 and relate to the Company's performance on a going-forward basis. The forward-looking statements in this press release involve risks and uncertainties, which could cause actual results, performance or trends to differ materially from those expressed in the forward-looking statements herein or in previous disclosures.

The Company believes that all forward-looking statements made by it in this press release have a reasonable basis, but there can be no assurance that management's expectations, beliefs, or projections as expressed in the forwardlooking statements will actually occur or prove to be correct. In addition to general industry and global economic conditions, factors that could cause actual results to differ materially from those discussed in the forward-looking statements in this press release include but are not limited to: (i) the failure of any one or more of the assumptions stated herein to prove to be correct; (ii) the risks relating to forward-looking statements and other "Risk Factors" discussed in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2022 and additional risk factors that may be identified from time to time in filings of the Company; (iii) the substantial indebtedness the Company incurred in connection with its acquisition of Coherent, Inc. (the "Transaction"), the need to generate sufficient cash flows to service and repay such debt and the Company's ability to generate sufficient funds to meet its anticipated debt reduction goals; (iv) the possibility that the Company may not be able to continue its integration progress on and/or take other actions to restructure the Company, or otherwise be able to achieve expected synergies, operating efficiencies, including greater scale, focus, resiliency, and lower operating costs and other benefits within the expected time-frames or at all and ultimately to successfully fully integrate the operations of Coherent, Inc. ("Coherent") with those of the Company; (v) the possibility that such integration and/or the restructuring actions may be more difficult, time-consuming or costly than expected or that operating costs and business disruption (including, without limitation, disruptions in relationships with employees, customers or suppliers) may be greater than expected in connection with the Transaction and/or the restructuring actions; (vi) any unexpected costs, charges or expenses resulting from the Transaction and/or the restructuring actions; (vii) the risk that disruption from the Transaction and/or the restructuring actions materially and adversely affects the respective businesses and operations of the Company and Coherent; (viii) potential adverse reactions or changes to business relationships resulting from the completion of the Transaction and/or the restructuring actions; (ix) the ability of the Company to retain and hire key employees; (x) the purchasing patterns of customers and end users; (xi) the timely release of new products, and acceptance of such new products by the market; (xii) the introduction of new products by competitors and other competitive responses; (xiii) the Company's ability to assimilate other recently acquired businesses, and realize synergies, cost savings, and opportunities for growth in connection therewith, together with the risks, costs, and uncertainties associated with such acquisitions; (xiv) the Company's ability to devise and execute strategies to respond to market conditions; (xv) the risks to realizing the benefits of investments in R&D and commercialization of innovations; (xvi) the risks that the Company's stock price will not trade in line with industrial technology leaders; and/or (xvii) the risks of business and economic disruption related to the currently ongoing COVID-19 outbreak and any other worldwide health epidemics or outbreaks that may arise. The Company disclaims any obligation to update information contained in these forward-looking statements, whether as a result of new information, future events or developments, or otherwise.

Use of Non-GAAP Financial Measures

The Company has disclosed financial measurements in this press release that present financial information considered to be non-GAAP financial measures. These measurements are not a substitute for GAAP measurements, although the Company's management uses these measurements as an aid in monitoring the Company's on-going financial performance. The non-GAAP net earnings, the non-GAAP earnings per share, the non-GAAP operating income, the non-GAAP gross profit, the non-GAAP internal research and development, the non-GAAP selling, general and administration, the non-GAAP interest and other (income) expense, and the non-GAAP income tax (benefit), measure earnings and operating income (loss), respectively, excluding non-recurring or unusual items that

Coherent Corp. 375 Saxonburg Boulevard Saxonburg, PA 16056-9499

are considered by management to be outside the Company's standard operation and excluding certain non-cash items. EBITDA is an adjusted non-GAAP financial measurement that is considered by management to be useful in measuring the profitability between companies within the industry by reflecting operating results of the Company excluding non-operating factors. There are limitations associated with the use of non-GAAP financial measures, including that such measures may not be entirely comparable to similarly titled measures used by other companies, due to potential differences among calculation methodologies. Thus, there can be no assurance whether (i) items excluded from the non-GAAP financial measures will occur in the future or (ii) there will be cash costs associated with items excluded from the non-GAAP financial measures. The Company compensates for these limitations by using these non-GAAP financial measures as supplements to GAAP financial measures and by providing the reconciliations of the non-GAAP financial measures to their most comparable GAAP financial measures. Investors should consider adjusted measures in addition to, and not as a substitute for, or superior to, financial performance measures prepared in accordance with GAAP.
